

# ATTRACTIVE Manrose Designer Grilles

Suitable for both intake and return air applications. The louvre blade design offers a unique and efficient dual weather protection solution. Wide blade spacings enable improved airflow with reduced pressure drops and noise levels.

## Features and benefits:

- 150mm grilles in 3 face sizes, easy-fit plenum included
- Easy to remove exterior grille for cleaning
- High-end quality anodised aluminium
- Strong and durable mechanical construction
- Insect mesh included

## Manrose Designer 150mm Aluminium Louvre Grilles

Face Size 168 x 280mm  
Order code DCT3709

Face Size 215 x 280mm  
Order code DCT4069

Face Size 250 x 250mm  
Order code DCT4070
