

SmartVent Positive+

Overview

SmartVent Positive+ is an all-new centralised positive pressure system that monitors both temperature and humidity conditions in your home and at the incoming air source, to ensure that you are benefiting from improved air quality always circulating around your home, and that the home is kept dry. Additional features, such as heat transfer scheduler and heater functions that allow users to easily operate upgrades, are included as standard. Enter your preferred temperature into the easy to use, fully automated, controller and your system will ventilate your home, providing fresh clean air when you need it most. As a temperature and humidity based solution in winter, SmartVent Positive+ not only introduces air faster when warmer and slower when cooler, the system also measures the moisture content in the home and of the incoming air and uses this data to reduce under or over ventilation. Temperature protection, set at a user adjustable 5°C default, ensures that continuous cold air is not introduced when the incoming air temperature is below the set temperature protection level. The flexible upgrade options allow users to customise the system to suit their individual needs.

SmartVent Positive+ Range

Home ventilation system suitable for most types of homes.

Model	Description	Order Code
SV01P+	1 room system (expandable to 3 max.) for homes up to 100m ²	FAN7280
SV02P+	2 room system (expandable to 3 max.) for homes up to 100m ²	FAN7281
SV04P+	4 room system (expandable to 6 max.) for homes up to 280m ²	FAN7282
SV06P+	6 room system (expandable to 12 max.) for homes up to 560m ²	FAN7283

System Extensions

3m Duct	6m Duct	Through Wall
DCT2276	DCT2667	DCT2286

Extension kits can be used to add more outlets to your SmartVent home ventilation system.

Features and Seasonal Add-Ons

Features	
Humidity Sensing	x2
Temperature Sensing	
Low Temperature Protection	
Auto or Manual Operation	AUTO MAN
Rental Property Lock	
Boost Control	
Filter Change Alert	
Screen Brightness Control	
Scheduler	DAILY

Condensation Control Plus

Integral humidity guard against moisture, mould and mildew with multiple seasonal add-on options

Seasonal Add-Ons ¹⁾

Summer Feature	
Heat Transfer	
Tempering Heater
