

MARIAH ceiling fans are a new generation design offering the latest in fan technology. Incorporating five precision moulded ABS blades and a premium long life motor, this fan provides excellent air circulation and cooling.

MALIBU IP55 ceiling fan is designed specifically for outdoor and coastal applications. Incorporating four durable moulded ABS blades and a premium long life motor, this fan is engineered for large area air circulation providing up to 50% more air circulation than timber blade fans.

NATIONAL ceiling fan is designed specifically for covered outdoor and coastal area applications. Incorporating four 316 stainless steel marine grade blades and a premium long life ball bearing motor, this fan provides excellent air circulation and cooling.

Blades for all fans are pre-balanced for smoother, quieter performance and a reversible airflow option for summer or winter is available. Fans are 220-240V AC, 50Hz operated. 6 year warranty.
