

# ROYALE II DC Ceiling Sweep Fans

**ROYALE II DC** ceiling fans are the latest in energy saving DC technology using up to 50-75% less power than comparable AC operated fans with similar performance levels. All fans incorporate four precision moulded ABS blades which are pre-balanced for smoother, quieter performance. Reversible function is available on the 5-speed remote controller with timer included. Fans are 220-240V AC, 50Hz operated and come complete with ECO airflow function. Suitable for indoor and covered outdoor areas. 6 year warranty.
