MANROSE®

FIXED FAN RUN-ON TIMER

- Run-on timer up to 7 minutes
- Easy to install. Designed to fit in a wall mounted flush box or alternatively, within the fan-light assembly
- Suitable for bathroom, toilet & laundry applications

The **Delay Start** and **Run-On** timer features provide control of the fan's running time, to help ensure all stale air is cleared from the room.

FAN0372

2YEAR
WARRANTY

Important

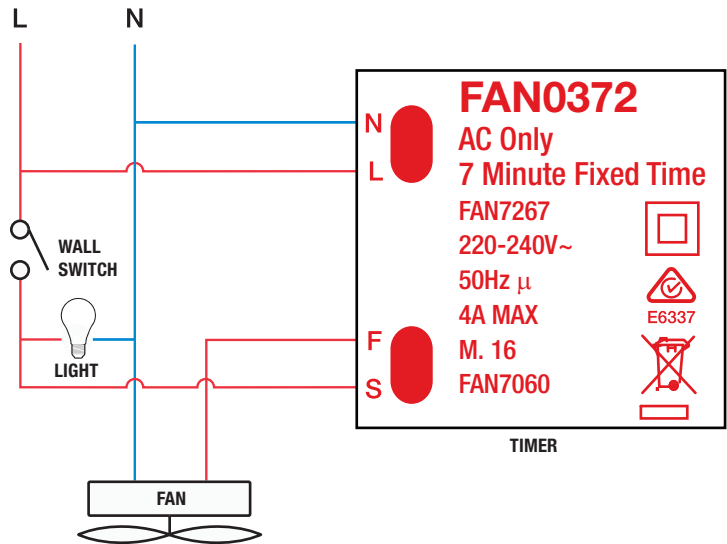

All installations must comply with the current electrical and building regulations required by your local authority, and must be carried out by a registered electrician.

Settings

The fan will turn on when the switch is flicked ON. The timer will delay the turning OFF of the fan for up to 7 minutes to help clear the bathroom of residual moisture after a shower/bath event.

The Delay - OFF time depends on how long the switch has been left on for.

| Band | Switch On-Time | Delay-Off Time |
|------|----------------|----------------|
| 1 | 0 - 45 secs | 0 min |
| 2 | 46 - 120 secs | 1 min |
| 3 | >120 secs | 7 min |

WARNING: Treat the product as live and dangerous when power is connected. Only connect power to the product when it has been safely sealed away inside a flush box or terminal box.
