BATHROOM HEAT-FAN-LIGHT

Milan Bathroom Heat Fan

- Ultra modern, high performance bathroom unit with integrated fan heat, LED light and exhaust function
- Stylish ultra slim design
- Energy efficient self-regulating heater
- Fan forced heat creates a comfortable and warm environment
- Dedicated high performance air extraction ideal for control of steam and moisture
- Premium LED light panel with high lumen output

Lighting Up

With a bright 1400 lumen colour selectable LED light, Milan helps create a better indoor environment for your bathroom.

A Better Way To Extract Air

By heating your bathroom while extracting moist air Milan is able to combat condensation and steam very effectively, especially during colder months. A warmer bathroom means that the steam stays as steam, instead of water, which is much easier for the extraction fan to remove quickly.

Compliance

Simx recommend this product for bathroom use. Following instructions supplied, the installed product will comply with the G4 Building Code for bathrooms. Healthy Homes Standard for bathroom or kitchen installation in a rental property is also met.

Milan Contents

150mm Centrifugal Fan	x1
3m Ducting	x1
Exterior Grille	x1
Wall Switch	x1

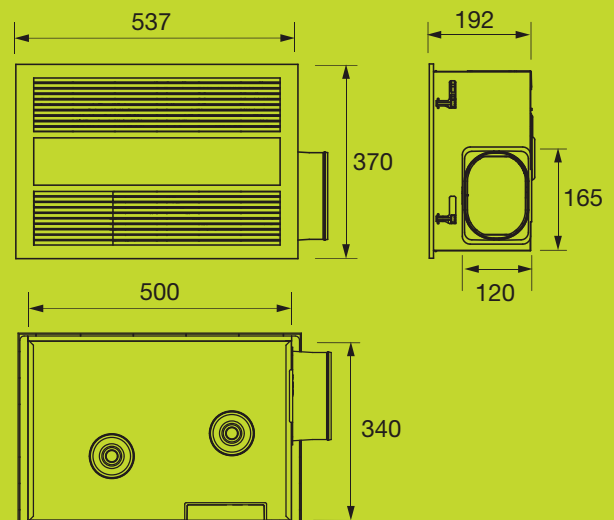

Product Codes

FAN7020	Bathroom LED Fan Heater - White
FAN7021	Bathroom LED Fan Heater - Black

Technical Specifications

Supply	220-240V AC, 2115W
Fan Type	Centrifugal
Exhaust Fan Performance (free-air performance)	106 l/s, 380m³/hr
Exhaust Fan Power	55W
LED Light	20W, 1400 lm
LED Colour	3000K, 4500K, 6000K
Heater Fan Power	40W
Heater Wattage (L/H)	1100/2000W
Cut Out Size:	523mm x 345mm
Min. Install Depth	250mm
Duct Size	150mm
IP Rating	IPX2

Dimensions (mm)

E6337
